"Underground Marketer *Shocks* Marketing 'Experts' Who Said it Couldn't be Done...And Finally Reveals The Simple System That Anyone Can Use to Build a Successful Online Business"

Subject: **Affiliate Cash PROOF** Case Studies
From: Derrick VanDyke and Andy S. Murray - The NetArcher

Dear Friend,

If you've been looking for a *proven* way to **build a successful Internet business** then this may be the most important letter you'll ever read...

My name is Derrick VanDyke and I've been working *full time* online since 1997. Since then, I have generated **millions of dollars in sales** for myself and the merchants I promote.

This may come as a shock to you but...

I've compiled everything I know into a system that **anyone can use** to make money online... **faster and easier** than ever before.

And you can bet your bottom dollar that...

- It won't take years *or even months* to build your online business...
- It has nothing to do with search engine optimization...
- And it certainly doesn't rely on Google for anything...

"While Everyone Else Has Been Getting Slapped by Google and Scrambling for a Pittance of AdSense Revenue, I've Been Raking In A Small Fortune Selling Products I Don't Even Own and I Never Have to Spend a Penny on Advertising"

What I'm about to show you is going to **send your head spinning, get your pulse racing and drive your heart rate** through the roof!

Over the past year I've been quietly building my list using squeeze pages and the traffic tactics that I reveal inside my membership site.

Today, I have over 38,000 subscribers on my list and hundreds more join every day. And the whole process is completely automated!

Having a large optin list is like a license to print money – if you know what to do with it. It takes a smart marketer to maximize the cash flow from any list.

While I've made most of my money selling my own products, I've earned a small fortune promoting other people products as an affiliate...

Affiliate Cash Secrets Case Study #1

“How I generated \$6,340.82 in immediate sales and 681.50 in recurring income from a simple email promotion that took less than one hour of my time...”

Product: Ryan Deiss' Piggy Back Traffic

Technique: Limited-Quantity Offer

On December 29, 2006 I sent the following email to my list:

Subject: {!firstname_fix}, new *proven* free traffic method...

Body: Hi {!firstname_fix},

Everybody wants free traffic, right?

And there's a ton of ways to get it. But let's face it...

Most of the so-called "free traffic generators" aren't worth your time...all you get are unqualified freebie seekers who never buy anything.

To tell you the truth, I stay away from most of the free traffic methods, because they generally require too much work for the little return on investment (your time).

Personally, I'd much rather PAY for traffic so I can get it quickly and find out in a matter of days – or even hours - if my campaign is working.

Like all things in life - you get what you pay for...

But I know how it is. When you're first getting started, you don't have a ton of cash to throw around, and frankly you probably DO have more time than money.

So if that describes you (and don't worry...you're not alone) then here's a tip that should help:

[Piggy Back Traffic](#)

As far as free traffic methods go, this is one of the easiest and delivers some of the quickest results. And it's a great way to get off your rear-end and get started.

It doesn't involve "cheating the system" or doing anything that will get you banned. And the traffic flow it creates will last for months - even years.

Check it out {!firstname_fix}:

[Piggy Back Traffic](#)

If you move fast (and actually implement), you could start seeing results (and sales) in as little as 7 days from now.

All the best,

Derrick VanDyke

P.S. The author is strictly limiting this to the first 500 lucky people who download the report. So get it while you can...

What happened after that was nothing short of amazing!

I sent two followups after that and the sales kept pouring in...I couldn't stop making money - **See PROOF Screenshots below**

The screenshot shows the 'Tracking' dashboard for 'INFOPRODUCT MASTERY™'. It features a navigation menu with options like Home, Commissions, Products, Tracking, Sub-Affiliates, Account, Support, Log Out, and Add Tracker. A dropdown menu is set to 'All Products'. Below the navigation is a table with columns for Date, Tracker, Product, Clicks, Sales, Conversion, Profit, and Options. Two rows of data are visible:

Date	Tracker	Product	Clicks	Sales	Conversion	Profit	Options
1/19/07	Piggy Back Traffic Customers	Content Goldmine	593	9	1%	\$103.34	Link Edit Delete
1/11/07	My List	Piggy-Back Traffic	5361	275	5%	\$6,340.82	Link Edit Delete

That was my PROFIT at 50% commission (I actually grossed more than \$1,2680 in sales over the weekend), but that's not all...

I noticed that I was also getting a few sales for Ryan's "Content Goldmine" membership site (same tracking cookie). So I sent a quick email to all the people who bought "Piggy Back Traffic" and combined with my "passive" sales from the previous emails, I sold a total of 29 memberships for a whopping **\$681.50 in monthly profits!**

With less than one hour of my time, I generated a total of \$7,022.32 in one weekend and \$681.50 in recurring income.

Isn't that amazing?

“How I generated \$3,809.50 in sales at 70% by doing the right promotion at the right time for a hot new product...”

Product: Marlon Sander's Design Dashboard

Technique: Video Pre-Sell

Note: the iPod Giveaway is over, but the Design Dashboard is still a hot-selling product.

On December 1, 2006 I sent the following email to my list:

Subject: {!firstname_fix}, watch stickman, win a f'ree iPod...

Body: Hi {!firstname_fix},

We're giving away 10 iPod Shuffles to 10 different people who watch my new Stickman video.

And all you have to do is go to this page:

<http://designdashboard.com>

* You MUST watch the entire video to be eligible to win an iPod.

* At the end of the video you'll be sent to an entry form for the contest.

What are you waiting for?

All the best,

Derrick VanDyke

---END EMAIL---

That promotion was all about timing!

Marlon Sanders had just released The Design Dashboard. I immediately purchased the software and checked it out. I knew it would be a hot seller so I had to jump on it fast.

I was searching my brain for a unique promotion when Marlon dropped it in my lap – Stickman. He had created this entertaining video of a stick figure man frustrated by all the headaches involved with setting up a website.

People had to watch the video to be eligible for the iPod Giveaway. Then they were given the opportunity to purchase the solution to Stickman's problem – The Design Dashboard.

Genius! I sold 50 copies at 70% commission for a profit of \$2,607.99. Not bad for a few minutes of my time to recommend a funny video...
